

HERCON® INSECTAPE with PROPOXUR

Insecticidal strip with Application Clip

Kills wasps, bees, hornets, yellowjacket, foraging fire ants, spiders (excluding black widow and brown recluse)

For indoor and outdoor use in electrical or telecommunication equipment.

Specially designed for use in telecommunications, power and utility industries

INSECTAPE ® is a multilayered strip containing Propoxur insecticide. The strip is attached to a plastic clip to facilitate application. The strip will kill foraging fire ants, wasps, hornets, bees, spiders (excluding black widow and brown recluse) and yellowjackets that walk across the surface of the strip. Use INSECTAPE alone or as a supplemental treatment with approved insecticide sprays, dusts, or baits.

ACTIVE INGREDIENT:

2-(1-Methylethoxy) phenol methylcarbamate – Propoxur.....10%

OTHER INGREDIENTS.....90%

TOTAL.....100%

KEEP OUT OF REACH OF CHILDREN

WARNING

Read directions and precautionary statements before use.

Contents: 2 strips with clip/pouch

Minimum Net Weight: 0.22 oz. (6.2 gm/pouch)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Warning: May be fatal if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

Personal Protective Equipment (PPE): Applicators and other handlers must wear long sleeved shirt and long pants; socks and shoes.

User Safety Recommendations: Wash hands before eating drinking, chewing gum, using tobacco or using toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove protective clothing and equipment immediately after handling this product. Wash the outside of gloves before removing. Keep and wash protective clothing separately from other laundry.

Environmental Hazards: This product is toxic to wildlife and aquatic invertebrates. Birds and small mammals feeding on treated strip may be killed. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: Carbamate Insecticide
IF SWALLOWED
<ul style="list-style-type: none"> • Call the poison control center or doctor immediately for treatment advice. • Have the person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING
<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF IN EYES
<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses if present after the first 5 minutes then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
<p>This product contains an N-methyl carbamate that inhibits cholinesterase. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information concerning this product, call the National Pesticide Information Center (NPIC) at 1-800-858-7378 Monday-Friday, 8 am to 12 pm Pacific Time (NPIC Website: www.npic.orst.edu) or call your poison control center at 1-800-222-1222.</p>
NOTE TO PHYSICIAN: Atropine is antidotal

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wear gloves when applying strips. Do not apply in a way that will contact any person or pet, either directly or indirectly. Keep people and pets out of the area during application. Do not open protective pouch until ready to use.

Application rate: Place INSECTAPE with the clip in electrical or telecommunication equipment where bees, foraging fire ants, wasps, hornets, yellowjackets and spiders (excluding black widow and brown recluse) may crawl or nest. Do not use more than three (3)- 2 in X 3 in. strips per cubic feet of equipment. Replace strips as necessary.

Target Pests: INSECTAPE kills wasps, bees, hornets and yellowjackets, foraging fire ants and spiders (excluding black widow and brown recluse) inside equipment enclosures.

Application: Handle the product using the plastic clip attached to the strip. Clear the enclosure of insects and debris before applying. Place INSECTAPE in electrical or telecommunication equipment where bees, foraging fire ants and spiders (excluding black widow and brown recluse) may crawl or nest.

For wasps, bees, hornets and yellowjackets inside telecommunications or electrical enclosure; Wipe or clean surfaces before applying INSECTAPE inside equipment such as aerial terminals, pedestals and cable enclosures, electric meter, traffic controller or junction boxes, and other outdoor or indoor telecommunications or electrical apparatus.

INSECTAPE with the plastic clip can be placed on a surface or hung inside the equipment. Store the strips in sealed pouches.

Use INSECTAPE alone or as a supplemental treatment with approved insecticide sprays, dusts, or baits.

Do not place INSECTAPE in exposed locations where direct contact with children, pets, food or clothing is likely to occur.

Areas of Use: For indoor and outdoor use in electrical and/or telecommunications equipment in the following areas:

Telecommunications facilities, Power and Utilities facilities, Railroad Systems, Municipalities, Traffic Control Systems, Government and Military facilities, Security and Smoke Alarms, Hotels and Motels, Schools and Universities, Food Service Industry, Healthcare Institutions, Biological Facilities, Housing Authorities, and HVAC Systems. Apply in new and existing equipment to kill wasp, bees, hornets, yellowjackets and foraging fire ants that contact the surface of the INSECTAPE. Use in aerial terminals, pedestals and cable enclosures, electric meter, traffic controller or junctions boxes, and other outdoor or indoor telecommunications or electrical apparatus

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

PESTICIDE STORAGE: Store unopened container in a cool dry place until ready for use. Do not store with food.

PESTICIDE DISPOSAL: Waste resulting from the use of this product must be disposed on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

Warranty:

Manufacturer warrants that the product is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use, but to the extent consistent with applicable law, neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to use of this product under abnormal conditions not reasonably foreseeable to manufacturer and user assumes the risk of any such use.
